Dear Sir,

You may happen to remember a Russian boy who took your photo on July 24, near the metro "Botanicheski Sad." After I developed the film and made the prints I found that your photo was in a very bad state. Still, I prefer to send it to you.

I believe you enjoyed the Festival and Moscow. If you do not mind, writing to me in English or French, I should like to know your opinions about the Festival.

Yours sincerely,

Harry Friedenberq,
